

MISSOURI PRECINCT PROJECT (MOPP)

WHO ARE WE?

MISSOURI PRECINCT PROJECT is a grassroots effort to activate concerned citizens to become involved in their neighborhoods, in order to impact the election process by getting conservative candidates elected to public office. The goal is to have conservative involvement in each precinct in the State of Missouri by the 2012 elections and beyond.

WHAT'S INVOLVED?

Organizing a precinct involves building a grassroots foundation by recruiting volunteers, registering neighbors to vote, educating voters on issues and candidates, and getting them to the polls on election day...all within the proximity of your neighborhood.
